Information for Graduation Recognition and Awards Reception

The Chemistry Department will hold its Graduation Recognition and Awards Reception on May 6th from 4-6p at the KU Memorial Union, with a social hour in the Big 12/Jayhawk Room-Level 5 and recognition of students in Woodruff Auditorium.

**Tickets:** for graduates and award recipients and their guests are required. Each student is allowed 2 guests, additional guests $5. RSVP deadline is April 28th.

**Parking:** There is parking available in the parking garage located next to the Union. Information about parking and fees can be found at this site. [http://union.ku.edu/the-union/parking/](http://union.ku.edu/the-union/parking/).

**ADA Guest Services:** If you or your guests will need accommodations such as wheelchair, hearing or sight accessibility, please make note of that on the reservation form.

**Graduates:** All graduates will be recognized during this event. Please fill out the RSVP information, even if you cannot attend. We want to include your names, degrees earned, and post-grad plans.

**Award winners:** Your faculty mentors will be presenting your awards (in most cases). Please be sure we know a little about you, where you are from, what you are working on here at KU, your family, something that made you want to be a chemist (perhaps an aha moment?)

**Photography:** we will have a professional photographer at the event. This photographer will be there to catch our candid moments as well as your special moment upon receiving recognition or award. There will also be the opportunity to have more formal photos taken in front of a backdrop of the University. That will be set up in the Regionalist Room prior to the ceremony. Please feel free to ask him/her to take your photos with friends, faculty/research mentors before our presentation. For Graduating Seniors-you may bring your cap and gown for more formal photos as well.
