Adding a Class

To add a class, begin by clicking on the Manage Classes tile on the Student Homepage.

Adding classes is a multi-step process. Begin by selecting the classes that you would like to enroll in. There are a few ways to do this:

a. Use the Schedule Builder to create your class by clicking on the Schedule Builder link. Students are able to send selected classes from the Schedule Builder to their Shopping Cart.

b. Enter the five digit class number into the search box and click on the >> to search. Confirm that you have selected the correct class and then move to the Enrollment instructions.

c. Search for classes using the Class Search option.
Class Search

The Search for Classes search box does a global search in Enroll & Pay. For example, if you type in SOC and click the >> button, you will see any class that has SOC in the name or class description. This will include any courses that have Society, Social and Sociology in them.

From here, you can filter down results using the options on the bar on the left side of the page.
You can also search by Subject by clicking on the Additional ways to search link under the global search bar.

Select the course to move onto the next step.
